

Prayer Line

E-1 Thank you. Good evening friends, and you be seated, if you will. [Blank spot on tape—Ed.]

About seven years ago, on May the 7th, 1946, Green's Mill, Indiana, there was an Angel come into the room where I was at, a Man walking. He didn't have wings; He was just a big man, had a white garment down to His feet. And He said that I was born to pray for sick people. And I told Him I was uneducated, illiterate, and I wasn't able to go. He said I'd be praying for kings and monarchs and, message around the world, a message that would bring the second coming of Christ was near. And I told Him I couldn't do it. And He told me then for me to put my hands on the people and it would be told what was wrong. He said, "Then, if you'll be sincere, it'll come to pass that you'll even know the secrets of your—their heart," and said, "by this they will believe."

I said, "Well, that's what I was praying about. I didn't understand it." And He referred to the Scriptures about Jesus knowing Philip, what he did before he come and got in the prayer line. Jesus told him, said, "You're a Christian, or—or a believer."

Said, "How did You know I was a believer, a man in whom there is no guile?"

He said, "Before Philip called you, when you was under the tree, I saw you."

He said, "You're the Son of God."

You believe He sent me to do that? You do? You do with all your heart? Then I'll be able to help you, because. . . Help you what? Help you to believe Jesus, for He told me, "If you'll get the people to believe you and then be sincere when you pray, nothing's going to stand before your prayer." You believe that with all your heart? Now, look this way. There it is.

Now audience, here He is. You who seen the picture, when we meet at the day of judgment, that Angel isn't standing two foot from where I'm standing right now. That's right.

Now, in the Name of Jesus Christ, I take jurisdiction over every spirit in this room. And may Almighty God, Who raised

up His Son, sent back His Spirit into His prophet to represent Him, may He see to it that that is manifested tonight.

E-2 The woman seems to be going away from me. She's got . . . No, she's—she's in a—a—a hospital or a office—doctor's office, or a hospital room, or something, and she's being examined, and—and they're pressing on her side. It's—it's—it—it—it's on her left side. And there's a middle aged man, and it—it's—it's a tumor, and it's in the—the left side of the woman. There's two doctors, and they're—they're at . . . One says it's to be operated and another says it can't be operated. Is that the truth? Was that description exactly? I just see something moving. She . . . You've been prayed for before in a—in a—in a meeting, evangelistic meeting. There is a man that was kindly dark headed, thin hai . . . Why, it was me. I—I prayed for you. You had tumor in the brain, and you were healed. I see a light flash around you. You were healed with tumor in the brain. And you're not from this city; you're from Illinois. Is that right? And where you were prayed for was some kind of a palm trees or—a—a great big—a ocean, a lake around the side, or something the other like that, palm trees around where you were healed. Is that the truth? Come here.

Jehovah, the great Jehovah Rapha, Who appeared on a brass serpent, and appeared on the cross, and now in this last days had appeared in man to take away sickness and sin . . . Almighty God, in the Name of Thy Son Jesus, I rebuke the devil that's bound this woman. May it come out of her, and may she go and be normally well. For the glory of God I ask this in the Name of His Son Jesus Christ. Amen.

You believe you're going to be well? Look. I want you to walk close to Him now. You've been trying to do that lately anyhow. You've had ups and downs all through your life; I noticed a black streak behind you. You had up and down and tried and seek and tried and prayed, and seek and tried. Now, go on; you're going be filled now in God's goodness and power. God bless you.

E-3 Howdy do. Do you believe with all your heart? You believe me to be His servant? You do? Now, quickly It's moving from you to this baby. Something with a ru—baby's ruptured. Here's something about you too. You need Jesus Christ as your Saviour. The baby's father needs the same. Is that right? You both need to be Christians. Will you promise that you'll serve God if God will let your baby get well? With

all your heart? You believe it—that He'll—He'll make it well? Keep your hand laying on the baby. Bow your head everywhere.

Lord Jesus, I bless this baby in the Name of Jesus Christ. And may its little body be healed. May it get well and may the loved ones become Christians this night. And may they serve You with all their heart. I ask this blessing in Jesus Christ's Name. Amen. God bless you. Now, go; the baby will be all right.

E-4 Come, bring the lady. Now, don't be in no hurry; just everyone just be quiet and reverent just a minute. Don't notice the clock; just let's just be quiet just a minute.

All right, lady, want to talk to you just a moment. You believe me to be the—God's servant? I believe that comes from a true heart. All right. I may help you to see—receive Jesus then. All right. You're suffering with a nervous condition. And you're tormented by a evil spirit: hangs right there. He—he's black, wavy looking. But he knows his time has come. Uh... Now, you're suffering also with something. No, I see something open before me. Just a moment. It's a—it's a—I see a—a hospital or some sort of an operation. And it's a—they've removed her gallbladder. That must've been along time ago; you look much younger, and it's still giving you trouble though. Are those things true? This is true also. Look at me. It's gone from you. Go off the platform rejoicing and happy. That evil spirit left you while you was standing right there. God, in Jesus Christ's Name...?...

E-5 Have faith. Now, just a moment. It's following her. God bless you, sister. That's the way to go rejoicing.

Stands over a woman, gray headed, looking at me just now, that's got heart trouble and female trouble, setting right back there in the front line. You believe that Jesus Christ make you well? There sets one by the side of you that's got colon trouble. God bless you. Accept your healing; be made well. Jesus Christ the Son of God make you well, if you—you only believe.

Just a moment. By a child... Just have faith. Setting right back there, you want to get over that rupture, sir? Second person setting in... You believe that God will make you well? All right, if you do, stand up to your feet and accept your

healing. God bless you, the man standing there. That's the way to do it. Be made well.

E-6 There's something flashed. . . A woman raised up, or some where. Just a moment. The Angel of the Lord is in that corner. Can't you see that? Look here, friends, every one of you. Look, standing right over here on this side. Can't you see that milling yellow streak there? Now, wait; it's a moving out. I see something—it's a minister standing by a pulpit. He's got a heart trouble, high blood pressure. Just a moment. There he is; he's got his hand up. God bless you, sir. Aren't you a minister of the Gospel? Got high blood pressure and heart trouble? Jesus Christ is here to make you whole. You accept it?

Just a moment. That little boy setting next to you is some relation to you, isn't he? You believe me to be God's prophet, reverend sir? You believe me to be His prophet? That little boy has something wrong with his throat, doesn't it? Is that right? Lay your hand over on it.

God, in Jesus' Name, I bless the boy for its healing. God bless you.

That lady setting next to you is your wife. I see you're at the same house. Tell the little boy, "Don't weep, he's healed." He'll be all right.

That lady had something on her—back of her head here. It's on her head and on her limb. It's cancer. That's your wife. Lay your hands over on her. God, in Jesus' Name, make her well.

E-7 There It goes over to a lady setting next to her: got female trouble and heart trouble. Is that right, sister? But you're not connected with these other people. These people's come from away from here. They're from Illinois, I believe; they come from away from here. Your heart trouble and female trouble. . . There's a lady setting next to you that's got kidney trouble. Is that right, lady? Lay your hands over on each other. All of you there in that corner, put your hands on one another. O Jesus, Son of God, while Your great Spirit's moving in that corner, heal every one of them. Grant it, Father, in the Name of Jesus Christ the Son of God, I ask it. God's glory be manifested. Amen.

E-8 Have faith in God. Don't doubt. Believe with all your heart that God will bring it to pass. Remember, His Presence is near and can bless.

Howdy do, sister. Just now I want to speak to you just a moment. You believe with all your heart? Won't you look this way to me a minute? Something wrong with you. You're not in connection with God. You're out of God's will. It's exactly. Didn't you used to be a preacher or something? And you've backslid. You've went out to smoking cigarettes and everything else, and turned your back on God. Is that right? But you've come here tonight to get right with God. Well, He loves you. He'll forgive you of every sin and put you back into His work again. Do you believe that? You want to receive it, raise your hand?

Almighty God, cursed be that devil that's bind the life of this woman. Come out of this woman, thou demon. God's servant. . . Leave her. In Jesus Christ's Name, come out of her. All right, lady, go on your road; your sins are forgiven you now. Go back and serve God with all your heart. God bless you.

E-9 Let's say, "Amen. Praise be to God." Why don't some of you out in there believe? Have faith in God. Way back in there, anywhere, challenge you, in the Name of Jesus Christ to look this way and believe and have faith, and God will make you well.

Come, lady. Howdy do. You believe with all your heart? You believe that God sent His Son Jesus Christ to redeem sinners from sin and to heal the sick from their sickness? Your trouble's in your head. It's catarrh, and it's shut off. . . You don't have no sense of smell. You believe He healed you? He has. God bless you. Go on. You can smell now and you can also go and be well. The headaches and things will leave.

Have faith in God. Amen. Don't move. There He goes. The lady setting way back there, hanging over a lady with that purple hat on, setting on the end of the row, just wiped her eyes. Yes. You had something wrong in your throat. It's coughing or something. It's bronchical trouble, bronchitis. You accept your healing? If you do, raise up your hand; wave your hand like that to God that you accept your healing. God bless you, go home and get well.

E-10 What about you, lady? You believe with all your heart? I believe you're a good, sincere person. I believe it with all my heart. And I know there's a deep ridge of sorrow behind you. You're yet a young woman, but there's been many

things that's happened. You've been very . . . I see a trail of blackness and darkness. You're here tonight; you're bringing this baby. And this baby has a rupture. And you want the baby dedicated to God. Isn't that true? Say, I see something wrong. There's a . . . It's a—it's a man, and it's . . . He's very sick, mentally ill. It's your husband. And he . . . I see an explosion, or a war, or something going on. It—it—it's a shell shock, isn't it? Well, God bless you, you're going to get well, both of you. God, in the Name of Lord Jesus Christ make this sister . . . ? . . . for her healing, Father, grant it, Lord. May Your Spirit be here to make well through Jesus Christ's Name. Go on, sister . . . ? . . .

E-11 Something just happened. I seen something burst or blow. You believing? With all your heart? That little lady setting, the third person back in that row there, with sinus trouble, just turned your head there, sister. You want to be healed of sinus? You believe God will make you well? All right, stand up to your feet and accept your healing from sinus. God makes you well now. God bless you. Have faith in God. Don't doubt; just believe with all your heart.

Bring the lady. Look this a way, sister. You believe me to be His prophet? Go, eat what you want to; your stomach trouble left you.

Come. Come, lady. The anointing of the Holy Ghost is near. You want to get over kidney trouble, lady? You got kidney trouble. Go on off the platform; He makes you well. Go believing with (Yes, sir.) —with all your heart. Just praise God.

E-12 Come. Setting way back there on the end of the row, you got something wrong with your leg, haven't you, sir? You believe that God will make you well? You do? All right, stand up to your feet and accept your healing. You was setting there praying. God be with you, and bless you, and give you the exceedingly, abundantly above all that could be done and thought. Still moving in that side. Have faith in God.

I seen Brother Bosworth appear right in here. He was praying for a little boy or a young man that . . . The boy's got one eye. And he's prayed for a little boy with one eye that's blind. Now . . . Yes, there it is, the boy's got his hand up. That's the father setting next to the boy. There's something wrong with the—either a child or a grandchild. It's a little girl or something; it's—it's born crippled or something. The father's

seeking the baptism of the Holy Ghost. He's got some troubles to give up some habits. If you'll do it, brother, God will give you the Holy Ghost and will heal those children. Have faith in God.

E-13 I kindly lost. . . Just a minute. You. . . I thought I was talking to Brother Bosworth.

You believe me to be His prophet? You do, with all your heart? You don't believe me to be a mind reader, do you? You believe me to be a servant of God? You're suffering with some sort of a—a high blood pressure and a kidney trouble. And you're a preacher. You're a Pentecostal preacher, and you've have a stroke or something. You preached for years and years when you was a young man. I see you in a pulpit years ago, all excited, preaching. And you've had a stroke and that's left you down. Come here, my brother, Jesus Christ, the Son of God will make you well.

Thou demon, who's bound my brother, come out of him. In the Name of Jesus Christ, leave this man. Go out of him now, evil one. I adjure thee by Jesus, the Son of God, to depart from him. God bless you, brother. Return to your pulpit, preaching. God bless you.

E-14 Come, lady. You want to get over that back trouble? Accept your healing; go off the platform shouting with all your heart and praising God. It's gone from you.

All right. Come, lady. As you come, do you believe? With all your heart? Come here just a minute. Now, the devil that's got ahold of you, is holding many in here. He's pulling from every side and all around. And you realize that you can only live a little bit if God doesn't help you.
